Profile Summary

Results-driven Front-End Developer specializing in building production-ready, high-performance web applications using modern Vanilla JavaScript, Supabase, and Firebase. Continuously expanding technical expertise with Python and SQL, and currently pursuing advanced studies in AI and Data Analysis to build smarter, data-driven web solutions. Adept at translating intricate business and legal requirements into clean, maintainable, and responsive code.

Core Technical Skills

- **Frontend:** HTML5, Advanced CSS3 (Flexbox, Grid, Animations), Vanilla JavaScript (ES6+, DOM Manipulation, Async/Await), Responsive Web Design.
- **Backend & Database:** Supabase (PostgreSQL, Auth), Firebase (Firestore, Auth), SQL, RESTful API Integration.
- **Data & Scripting:** Python, Data Analysis, AI Fundamentals (Currently Expanding).
- **Tools & Concepts:** Git/GitHub, VS Code, Client-side State Management, Web Performance Optimization.

Highlighted Projects Labor Law Analyzer 2025 | *Vanilla JS, Complex Logic, Responsive UI* | [Live Demo](#)

- Developed an interactive web-based tool leveraging legal background to analyze labor law scenarios. Built with Vanilla JS to provide instant, client-side calculations and legal insights, demonstrating a unique fusion of legal expertise and software development.

SOLINA E-Commerce Platform & Admin Dashboard | *Vanilla JS, Advanced CSS3, Supabase* | [Live Demo](#)

- Architected a complete e-commerce solution with a dynamic storefront and role-based admin dashboard. Engineered complex client-side state management for shopping cart, auto-discounts, and dynamic shipping calculations using Supabase.

Office & Cafe Corporate Website | *HTML5, CSS3, JavaScript* | [Live Demo](#)

- Designed and developed a modern, fully responsive corporate website featuring elegant UI design, smooth navigation, and optimized performance for a seamless user experience.

Petit Girard Corporate Website | *HTML5, CSS3, JavaScript* | [Live Demo](#)

- Developed an elegant, fully responsive corporate website featuring smooth navigation, modern CSS animations, and optimized performance for seamless user engagement and brand consistency.

- **Hospitality & Restaurant Interfaces** | *HTML5, CSS3, Responsive Design* | [Live Demo](#)
- Built dynamic, mobile-first landing pages for food and hospitality services. Features interactive menus, responsive layouts, and engaging UI/UX design with modern aesthetics.

Interactive Portfolio | *HTML5, CSS3, Vanilla JS* | [Live Demo](#)

- Developed a fully responsive personal portfolio featuring an interactive UI, smooth scrolling, and modern CSS animations. Optimized web assets to improve overall page load speed by 35%.
-
- **Professional Experience Web Developer** | *Miami Center* | *2025 – Present*
- Developed fully responsive corporate websites, including administrative and logistics portals.
- Optimized website performance, reducing page load time by 40% through asset optimization and collaboration with server administrators.
- Managed WordPress environments and ensured seamless integration of frontend designs with backend functionalities.

Programming Instructor | *Techno Kids* | 2024

- Taught core web development concepts (HTML, CSS, JavaScript) through interactive, project-based learning, simplifying complex logic for beginners.

Lawyer, Legal Researcher & HR Developer | *Various Firms* | 2009 – 2022

- Leveraged 13 years of experience to build strong transferable skills. Applied rigorous analytical thinking and attention to detail from legal contract analysis to write defensive, error-resistant code and handle edge cases effectively.

Education

- **Master's in Private International Law** – Alexandria University (2014 – 2016)
- **Bachelor of Law** – Alexandria University (2007 – 2011)

Certifications & Continuous Learning

- **AI and Data Analysis Track:** Amit (2024 – Present)
- **Python & SQL Fundamentals** – Amit (2024)
- **Frontend Development** (HTML, CSS, JS, Bootstrap) – New Horizons (2022)
- **Web Development** (HTML, CSS, JS) – Udacity (2021)
